

Beverly Rivers Dancer, Ed. D

I am a NABSE life member seeking your vote for the office of **Recording Secretary**. Active for over 20 years, I served the Local School Administrators Commission, served as Membership Chairperson, conducted New Members Orientation, is a member of the Emma Epps Golf Foundation, and a past NEPI participant. My previous and current involvement with NABSE and NABSE's Foundation confirms my commitment to the vision and mission of this fine organization, which distinctively qualifies me for this position.

While serving as chair of LSAC, committee members and I created networking opportunities sharing transformational practices, accountability strategies, and talent search enabling school-based administrators to offer support to each other.

As membership chair, I worked with our beloved Director of Membership and the NABSE President to increase conference attendance, membership, and improve affiliate night activities. Under my leadership, my committee created an initiative to award complimentary memberships on three levels to affiliates who had the largest increase in membership and to the affiliate who brought the largest delegation to the National Conference. For an added delight, we incorporated an evening of entertainment performed by the Host Committee during the Affiliate Night Reception.

As your Recording Secretary, I promise to bring my experiences and best practices dedicated to continuing with these efforts. You can trust that I will work diligently with the entire board to move NABSE in the direction of financial restoration and use our social media platform to reach educators near and far. I am passionate about the future of NASBE. I am committed to reach out to educators and other individuals to build NABSE to the organization it once was and destined to become again.

I am an active member of Alpha Kappa Alpha Sorority Inc., Houston Chapter of the NAACP, Houston Area Alliance of Black School Educators, and a proud graduate of Texas Southern University.

I invite you to share my vision, my passion, my commitment, and the love I have for NABSE by voting for me, and together we can secure the future of NABSE for generations and years to come.
